Afterword

■It is me, Eunos @ newbie P.

■Even after the tankoubon "Kona☆Kaga" was finished, I continued to draw Lucky☆Star derived work under the formula of Comp Eros... so it'd be a bit weird to say, 'Sorry to keep you waiting'. Anyways, with the second chapter of the Kagamin series, let the light "after stories" commence.

■The title is in the Key flavour; but turns out it's just the usual KonaKaga.w

■I've been writing about it on the blog; however, as I settled on drawing another Lucky☆Star related story, I felt a little worried about the style. Maybe instead of Kagami only, I should focus on some of the first-graders who haven't had much stage time before, and so on... But after all, what I wanted to draw - what I wanted to see was Konata and Kagami's daily life. Of course I paid much attention to drawing Miyuki-san, Tsukasa and other characters, but in the end I decided that the two of them - Konata and Kagami - should be the main heroines. As such there might not be much improvement in the style; but if you are so kind as to accept the new series warmly, I'll be more than happy. I'm trying hard to make it a story that is read with a grin on one's face.w

■With the new series, as much as power up the story, I also wanted to return to the roots in a way. Therefore, this time I gave the Tsukasa and Miyuki duo the supporting role, and focused on Konata and Kagami's expressions!... I guess. Ever so clumsy even with their feelings made obvious to each other, their emotions always running wild, swayed and spun around; the unstoppable, pound-hearting excitement... 'I wanna see the two of them like that'. I thought as I was drawing this doujinshi. If you read the tankoubon from the beginning, you might get the feeling that Konata was getting cornered more and more as the two were drawing closer to each other... well, I just arbitrarily decided it would be interesting to see.w Well, you could also say that Kagamin's fits of rage were getting more and more (ksk).www

■I don't know yet how far I will be able to take this new series; but I already have ideas for at least a couple more episodes - and with your kind support, I hope I will be able to continue as a "KonaKaga Maestro" for a while. Please keep on rooting for me from now on. ^^

■Alright, I suppose there is no one among those who are reading this far who isn't reading the blog as well, but just in case... Let me report some news items here. First, I was enlisted for the "Lucky☆Star Comics A-la-carte ~Brilliant☆Star~" anthology, part 4. And next to Usagi-ya's Shiina-san, too! Yay!

■Also... this is more of a private matter, but turns out I'm moving. It was rather sudden, so right now I have my hands full with the preparations. Ah, geez!

■Moreover, I light-heartedly gave Idol Master a try, and got totally drawn in... w

In other words, I have started living a producer's life for real. If you happen to see an Idol Master book from Eunos P in near future, please put it next to a Lucky☆Star book.w

■See you, then! Bye-bye☆
